EXECUTIVE DIRECTOR
Mary Tomolonius

What is CACT?

The Connecticut Association for Community Transportation (CACT) is your voice and advocate for public transportation in the state of Connecticut. CACT provides a statewide forum for the exchange of public transportation information; advocates for public transportation and public transportation customers at local, state and federal levels; provides training and technical assistance to members; serves as a vehicle for the collection and exchange of information of public transportation interest; and encourages the efficient and effective use of all available public transportation vehicles.

Annual Legislative Breakfast at the Capital

CACT membership represents a diverse group of transportation organizations across the state, including the Connecticut Department of Transportation, public transit operators, not-for-profit transportation providers and brokerages, regional planning agencies, rideshare agencies, social service agencies, transportation providers, vendors, private for-profit providers, individuals involved in transportation and users of community transportation services. Working together, we are building a ***strong voice for public transportation*** in Connecticut.

CSSO Training at GNHTD

Won't you join us and help ensure the mobility and quality of life for Connecticut's residents now and in the future?
